

Ash Smoking Shelter

The Ash Smoking Shelter is a robust shelter constructed from galvanised steel, built to last in aggressive environments. The legs are 80mm square section steel mounted on base plates, galvanised and painted in a range of colours, whilst the barrel shape roof and side claddings are 10mm fire and impact resistant translucent cellular polycarbonate with UV protection.

This is a solid, durable shelter that complies with the new smoking legislation, with seating and cigarette waste disposal options available.

L: 5000mm x D: 2170mm x H: 2635mm
