

- Elegant, modern design
- Semi-automatic operation
- Mortise cylinder locking
- Corrosion resistant

CONTROLLER-PLUS

Semi-Automatic Drop Down Post

The **CONTROLLER-PLUS** is engineered to blend with and complement modern building styles, but without sacrificing any of the security features of our range of parking posts, making it suitable for installation in private car parks, drives, commercial properties etc.

The **CONTROLLER-PLUS** is very easily operated – to lower simply unlock, give a gentle push, and the post reclines to the ground. To return to the upright position simply press the pedal located in the base, and it will rise and lock automatically.

The post features a very low 75 mm in the lowered position making it suitable for use with most cars.

Specification:

Aluminium post: 70 x 50 mm
 Wall thickness: 3 mm
 Base plate: 250 x 90 mm

Surface treatment:

Anodised aluminium with red reflective strip.

Installation:

Surface mounted.
 Fixing bolts supplied.

Locking system:

Mortise cylinder lock with 2 keys supplied. Option of keyed alike or individually keyed.

Lock system	Height (mm)	Locking	Delivery weight (kg/ea.)	Reference
With mortise cylinder lock + 2 keys	950	Keyed alike	5	114.19.490
		Individually keyed		114.14.132
