# MORVAN LITTER BIN

Hard-wearing bins made for public spaces

**pittman**<sup>®</sup>

## OVERVIEW

The Morvan litter bin is designed for durability and convenience, making it a great choice for busy public spaces. Its robust exterior ensures it can withstand heavy use without showing signs of wear, keeping it looking clean and professional over time.

The bin is also built to resist fading, making it ideal for outdoor locations where it will be exposed to sunlight. Inside, it includes a rust-resistant inner bucket, ensuring long-term reliability.

The secure locking mechanism helps prevent tampering, offering peace of mind in public areas. For added convenience, the lid automatically locks upon closing, making waste disposal easy and secure.

## PRODUCT FEATURES

- Dent-proof - highly durable polyethylene design.
- UV-treated - excellent colour retention over time.
- Locking system - integral triangular lock, prevents vandalism or tampering.
- Auto-lock - bin lid automatically locks on closing
- Galvanised bucket - durable inner bucket to collect up to 90 litres of waste

# TECHNICAL DATA
